

DIAMENTIQ

CAT LITTER

NEUTRAL

NON-CLUMPING CRYSTALS

Odour control

Moisture absorbent

Soft texture

Dust free formula

Efficient

Diamentiq silica litter is a popular choice for cats due to its pleasant texture. Gentle, perfectly adapted to your cat's paws, the product provides comfort and hygiene for your pet, leaving the space around the litter box clean, so you can easily keep your home tidy. It instantly absorbs odour, providing an ambient freshness for your cat and other family members to enjoy.

INSTRUCTIONS OF STORAGE AND USE: Store in a dry and cool place, out of children's reach. The product may be hazardous to animals if ingested and is not recommended for cats who play with the litter. Pregnant and immunocompromised people should not come into direct contact with the litter. Do not dispose of used litter and waste down the toilet. When stored according to the instructions, the product does not expire.

Composition: Silica Gel.

HOW TO USE:

1. Fill the cat's toilet box with litter to a height of about 5 cm.
2. Pick up any visible waste with a spatula and put it in the waste bin.
3. Refill the box with a fresh layer of litter*.

*for a cat weighing 5 kg
